

Consent Agenda: Apr. 2021

Utah Library Association Virtual Conference: May 19-21

The ULA Virtual Conference will have sessions throughout the three days, particularly of interest to the Board, and Wednesday afternoon pre-conference on May 19 just for Library Board being hosted by the Utah State Library. Board members are encouraged to attend as we are required to have formal board training for library certification each year. If you are unable to attend that afternoon, registering for the conference will provide you with links to recordings of the sessions you wanted to attend so you can view it on demand later. If you aren't interested in attending the other two days of conference, or having access to those sessions, you may register for the pre-conference day only. The library will cover the cost of your registration. Please send receipts to Daniel for processing or reimbursement. The registration link is: <https://ula.org/conference-registration-2021/>

USL LSTA Grant for New Roosevelt Printer

Daniel received a \$2,400 Library Services and Technology Act grant through the Utah State Library for a new patron printer in Roosevelt Branch. The new printer will be capable of color and wireless printing, as well as more durable than past machines. Another will also be purchased for Duchesne Branch, but will be paid from the library technology budget.

Story Walks Resume

The Story Walks at Roosevelt's Central Park on Wednesdays from 9AM – 2 PM and at Duchesne's Roy Park on Tuesdays from 10AM-1PM have resumed.

Over 500 OverDrive Circulations on DCL Provided Items; A Record
